

Legal Services Q&A

Q: What is the difference between a Single Will and a Mirror Will at Trust Inheritance?

A: A Single Will is for individuals who are single, widowed, or not living with a partner. A Mirror Will is designed for those who are married, in a civil partnership, or co-habiting.

Q: How does a Living Will differ from a Health and Welfare LPA?

A: While a Health and Welfare LPA gives attorneys power to make decisions, it does not allow the user to provide specific guidance or conditions. A Living Will (Advance Directive) allows a user to state specific circumstances where they wish to refuse treatment, making it legally binding for medical professionals.

Q: What are the two types of Lasting Power of Attorney (LPA) offered?

A: The two types are "Property and Financial Affairs LPA," which covers bills, bank accounts, and property management, and "Health and Welfare LPA," which covers daily routines, medical care, and life-sustaining treatment.

Bereavement & Estate Q&A

Q: What are the pricing tiers for Estate Administration at Trust Inheritance?

A: * **A Little Help:** Free.

- **A Little More Help (Executor Toolkit):** £600.00 (£500 + VAT).
- **Lots of Help:** £1,620.00 (£1,350 + VAT).
- **Hand It All Over (Full Administration):** From £5,220.00 (£4,350 + VAT).

Q: What is the "Fast Track" benefit in the 'Lots of Help' service?

A: The "Fast Track" feature reduces the Grant of Probate application time from months down to a matter of weeks.

Digital Legacy Q&A

Q: What is included in the Premium My Documents subscription?

A: For £49.00 per year, users unlock document uploads, folder customization, Personal Messages, Funeral Wishes, and My Digital Legacy tools.

Q: How does the "Trusted People" feature ensure security?

A: Trusted People receive unique, secure login details. To ensure transparency, all nominated Trusted People receive an email notification if any one of them logs into the account.

Q: What is the purpose of the "My Digital Legacy" tool?

A: It allows users to list online accounts and set instructions (such as memorializing social media or transferring digital photos) to ensure loved ones can manage digital assets and stop unwanted subscriptions.
